Re: Moreno Valley Logistics Center; Specific Plan Amendment PEN 16-0001 (P15-036); TPM 36150 PEN16-007; PA-15-0018; EIR PEN16-0001 (P15-037); Plot Plans PEN 16-0003; -04; -05; -06 (PA15-0014-0018) (Prologis)

Dear Chairperson Barnes, Members of the Planning Commission and Planning Commission staff:

We represent Laborers International Union of North America, Local Union 1184 ("LIUNA"). By way of a letter dated September 1, 2016 ("Comment Letter"), we previously submitted comments on behalf of LIUNA regarding the above referenced project, otherwise known as the Moreno Valley Logistics Center.

In our Comment Letter, LIUNA raised a number of issues related to the Environmental Impact Report ("EIR") including that the EIR failed to impose all feasible mitigation and recirculation.

Following the receipt of LIUNA's comments, the applicant's representative reached out to us in an effort to respond to and ameliorate our expressed concerns.

In light of these efforts, the purpose of this letter is to inform the City that LIUNA hereby withdraws its previously submitted comments and supports the approval of the project. Specifically, LIUNA does not believe that the EIR needs to be recirculated, or that all feasible mitigation measures have not been imposed. We therefore request that the City promptly approve the project.
