Re: Moreno Valley Logistics Center Extended Deliberation

Dear Mr. Sandzimier:

Following up on our conversations, Prologis requests that the City Council deliberation be extended / continued for our Moreno Valley Logistics Center (project PEN16-001 through PEN16-007) that is currently scheduled for deliberation on November 7, 2017. At the prior City Council hearings, and subsequent discussions with councilmembers they have raised a few issues. Therefore, Prologis is working on analyzing and verifying that the project, as currently presented, is the best project. Most notably, Council raised concerns regarding the Specific Plan Amendment. Prologis wants to meet with the neighboring residents and understand their support or concern, if any, and see if there are opportunities to address any of their concerns in our project and have yet to be able to do so.

Therefore, we respectfully request that the hearing be postponed until the City Council meeting on January 16, 2017.

Very truly yours,

Scott Mulkey  
Vice President - Regional Development Manager
