## Report to City Council

---

**TO:** Mayor and City Council

**FROM:** Melissa Walker, Public Work Director/City Engineer

**AGENDA DATE:** February 7, 2023

**TITLE:** LGL21-0017 - NOTICE OF INTENT TO VACATE A PORTION OF GATO DEL SOL AVENUE AT VIRGINIA STREET. OWNER: SAN DIEGO GAS & ELECTRIC

---

### **RECOMMENDED ACTION**

#### **Recommendations:**

1. A Resolution of the City Council of the City of Moreno Valley, California, Declaring its Intention to Vacate a Portion of Gato Del Sol Avenue at Virginia Street.
2. Direct the City Clerk to certify said resolution and transmit a copy of the resolution to the County Recorder's office for recording.

### **SUMMARY**

This report recommends adoption of the proposed resolution for the full vacation for that portion of Gato Del Sol Avenue at Virginia Street. The applicant, San Diego Gas & Electric has submitted a request for the vacation of a portion of Gato Del Sol Avenue. Said portion is approximately 1,600 feet westerly of Virginia Street and approximately 1,300 feet easterly of Virginia Street. Gato Del Sol Avenue has not been constructed and so it is not a maintained street. Therefore, city staff supports the request to vacate said portion of Gato Del Sol Avenue. The applicant's properties are located near the intersection of Gato Del Sol Avenue and Virginia Street. The resolution sets the Public Hearing to vacate said portion of Gato Del Sol Avenue at the March 7, 2023 City Council meeting.

### **DISCUSSION**

Land Development staff has reviewed the request for the street vacation based on

the applicable subdivision map and other property information provided by San Diego Gas & Electric. Vacation of this portion of Gato Del Sol Avenue would abandon all of the City's rights for public use except reservation of an easement as requested by the Eastern Municipal Water District for existing water facilities. The vacation for eighty-eight (88) feet of right-of-way along Gato Del Sol Avenue at Virginia Street is in accordance with the Streets & Highway Code, Division 9, Part 3, Chapter 3. The street segment of the existing right-of-way along the San Diego Gas & Electric's property, to be vacated, is not used by the public or maintained by the City. A resolution stating the City's intent to vacate the right of way is required as part of the street vacation process.

On December 8, 2022, the Planning Commission recommended that the City Council approve the street vacation for a portion of Gato Del Sol Avenue. Planning Division staff reviewed proposed street vacation and made the following environmental determination. The proposed consistency finding is exempt from the California Environmental Quality Act in accordance with Section 15061(b)(3) of the CEQA Guidelines in that it can be seen with certainty that there is no possibility that the consistency finding will have a significant effect on the environment.

Staff recommends adopting the attached resolution which would set the Public Hearing date to consider the vacation of a portion of Gato Del Sol Avenue at the regularly scheduled City Council meeting on March 7, 2023.

### **ALTERNATIVES**

1. Approve the recommended actions as presented in this staff report. *Staff recommends this alternative as this would allow the street vacation process to move forward.*
2. Do not approve the recommended actions as presented in this staff report. *Staff does not recommend this alternative as this would not allow the street vacation process to move forward at this time and therefore does not address San Diego Gas & Electric's security concerns.*

### **FISCAL IMPACT**

No fiscal impact is anticipated.

### **NOTIFICATION**

Publication of Agenda. Written notices were sent to utility companies, in addition to property owners within 600 feet of the project boundaries.

## Report to City Council

---

**TO:** Mayor and City Council

**FROM:** Melissa Walker, Public Work Director/City Engineer

**AGENDA DATE:** February 7, 2023

**TITLE:** PEN20-0063 (TR 37909) – APPROVE TRACT MAP 37909 LOCATED ON THE SOUTH SIDE OF IRIS AVENUE, EAST OF PERRIS BOULEVARD. DEVELOPER: BEAZER HOMES HOLDINGS, LLC

---

### **RECOMMENDED ACTION**

#### **Recommendations:**

1. Approve Tract Map 37909.
2. Authorize the City Clerk to sign the map and transmit said map to the County Recorder's Office for recordation.

### **SUMMARY**

This report recommends approval of Tract Map 37909, which is owned by Beazer Homes Holdings, LLC. Tract Map 37909 will subdivide one (1) lot into 81 residential lots and is located on the south side of Iris Avenue, east of Perris Boulevard.

### **DISCUSSION**

On February 2, 2021, the City Council of the City of Moreno Valley approved Tentative Tract Map 37909. The project involves the subdivision of one (1) 10.8-acre lot into 81 single-family residential lots located on the south side of Iris Avenue, east of Perris Boulevard. The Agreement for Public Improvements was approved by the City on January 5, 2023. Tract Map 37909 is in substantial conformance with the approved Tentative Tract Map. The developer has requested that the map be approved for recordation. Due to the size of the map, it is not attached to this report. However, the map is available for review at the Public Works/Land Development counter at City Hall.

On February 2, 2021, the City Council of the City of Moreno Valley approved Tentative Tract Map 37909. In accordance with the California Environmental Quality Act (CEQA) Guidelines, the City Council determined that the Mitigated Negative Declaration was the appropriate CEQA documentation for the project, and also certified the Initial Study/Mitigated Negative Declaration. In addition, City Council adopted a Mitigation Monitoring and Reporting Program as it was determined that the project would not result in significant impacts on the environment with the implementation of the mitigation measures.

## **ALTERNATIVES**

1. Approve and authorize the recommended actions as presented in this staff report. *Staff recommends this alternative as it will allow the tract map to be recorded and allow the project to move forward with the development of residential property and adjacent improvements.*
2. Do not approve and do not authorize the recommended actions as presented in this staff report. *Staff does not recommend this alternative as it will not allow the tract map to be recorded and not allow the project to move forward with the development of residential property and adjacent improvements.*

## Report to City Council

---

**TO:** Mayor and City Council

**FROM:** Melissa Walker, Public Work Director/City Engineer

**AGENDA DATE:** February 7, 2023

**TITLE:** APPROVE PURCHASE OF METERS FROM MCAVOY AND MARKHAM ENGINEERING & SALES CO. FOR MORENO VALLEY UTILITY

---

### **RECOMMENDED ACTION**

#### **Recommendations:**

1. Approve the purchase of meters from McAvoy and Markham Engineering & Sales Co. up to the Council approved amended budget of \$495,916 in Moreno Valley Utility's Emergency Outage Response account 6010-70-80-45510-710134; and
2. Authorize the City Manager to execute subsequent associated purchase orders subject to the approved budget by City Council.

### **SUMMARY**

This report recommends the purchase of smart meters from McAvoy and Markham Engineering & Sales Co, Itron's authorized and sole electricity meter stocking distributor for Southern California. The meters will be used to serve new development and as replacement meters in the event an existing meter is damaged. Moreno Valley Utility's (MVU) operating funds will be used for the purchase of meters and has no impact to the General Fund.

### **DISCUSSION**

The installation of Advanced Metering Infrastructure (AMI) and the meter data collection system provides customers more detailed data regarding their energy use while improving system reliability through faster outage detection and restoration of service. MVU's standard for meters is the Itron Centron Bridge meter, used by many utilities across the country; locally, the Cities of Banning, Colton, and Rancho Cucamonga have

standardized to Itron Centron Bridge meters, as has Imperial Irrigation District in the Coachella Valley. McAvoy and Markham Engineering & Sales Co. is Itron's authorized and sole electricity meter stocking distributor for Southern California, as described in the attached letter.

Staff recommends an annual purchase of meters for inventory that will be used for new development and for replacement of existing meters. The annual purchase will not exceed the Council approved budget for Emergency Outage Response, account 6010-70-80-45510-710134.

### **ALTERNATIVES**

1. Approve the Recommendations in the staff report. *Staff recommends the approval of the purchase of meters to serve new development and to replace existing meters if necessary.*
2. Do not approve the Recommendations in the staff report. *Staff does not recommend this alternative, as it would restrict MVU's ability to serve new and existing customers and reduce customer service through the inability to provide detailed data regarding energy usage and reduce the ability to quickly detect outages and increase restoration of service.*

### **FISCAL IMPACT**

The purchase of the meters will be funded with MVU's operating funds and has no impact to the General Fund. There is sufficient budget in the Emergency Outage Response account, 6010-70-80-45510-710134.

## Report to City Council

---

**TO:** Mayor and City Council

**FROM:** Steve Quintanilla, Interim City Attorney

**AGENDA DATE:** February 7, 2023

**TITLE:** SENATE BILL NO. 1100 REGARDING REMOVAL OF DISRUPTIVE INDIVIDUALS FROM PUBLIC MEETINGS

---

### RECOMMENDED ACTION

#### BACKGROUND

Mayor Cabrera requested that the City Attorney's Office prepare a summary of Senate Bill No. 1100 (SB 1100) for presentation at a City Council meeting.

Under the Brown Act, in the event that any City Council meeting is willfully interrupted by a group or groups of persons so as to render the orderly conduct of the City Council meeting unfeasible and order cannot be restored by the removal of individuals who willfully interrupted the meeting, the City Council may order the meeting room (e.g., council chamber) cleared and continue in session. However, members of the press or other news media may remain unless they participated in creating the disruption.

However, effective January 1, 2023, SB 1100 authorizes the Mayor or designee to remove particular individuals from a City Council meeting for "disrupting" the meeting, without having to clear the entire council chamber. SB 1100 defines "Disrupting" as "*engaging in behavior during a meeting of a legislative body that actually disrupts, disturbs, impedes, or renders infeasible the orderly conduct of the meeting.*" An example of disrupting behavior includes failing to comply with any reasonable and lawful regulations adopted by the City Council regarding the public's participation in meetings, if such behavior actually disrupts, disturbs, impedes, or renders infeasible the orderly conduct of the meeting. SB 1100 is intended to serve as a new mechanism for the City Council to maintain a decorum at public meetings.

In a Los Angeles Times article, it was purported that SB 1100 was due in part to the current political climate and rhetoric during the COVID-19 pandemic, which has resulted

in an alarming increase in disorderly conduct at public meetings across California. The authors of SB 1100 noted, “As we have undoubtedly seen, many troubling incidents across the state, including those involving harassment and threats of violence, have demonstrated the need to protect public safety and public meeting access by modernizing the Brown Act so that it provides clearer standards around when removal of a meeting participant is warranted and what authority members of a legislative body can exercise.”

Although the Brown Act already authorized the presiding officer to clear the meeting room (i.e., Council Chamber) when there was disruption at public meetings, it did not provide expressly for removing only the disruptive individual(s) so that it can proceed with the meeting without further disruption.

SB 1100 prescribes the following steps before an individual(s) may be removed from a public meeting (i.e., City Council Meeting):

- Step 1: The presiding officer must warn the individual(s) that their behavior is disrupting the meeting and their failure to cease their behavior may result in removal.
- Step 2: Immediately direct the sergeant at arms to remove the individual(s) if they do not "promptly" cease their disruptive behavior.

Practically speaking, once the Mayor or designee determines that an individual's behavior is disrupting the meeting, the Mayor or designee must warn the individual(s) that their behavior is disrupting the meeting and that continued disruptive behavior may result in their removal. If the disruptive individual(s) continues his/her disruptive behavior, the Mayor or designee may then order that the disruptive individual(s) be immediately removed from the meeting, so that the City Council may continue with the meeting in the absence of the disrupting individual(s).

It is important to note that no warning is required before removing an individual whose behavior includes the use of force or a true threat of force. A “true threat of force” means a threat that a reasonable observer would perceive to be an actual threat to use force by the person making the threat.

It should also be noted that SB 1100 is not intended to prohibit “*public criticism of the policies, procedures, programs, or services of the agency, or of the acts or omissions of the legislative body,*” as permitted under the Brown Act. Instead, as set forth in the official analysis of the legislation, SB 1100 is intended to “*give legislative bodies clear authorization to restore order to meetings in the event of actual disruptions*” in order to “*preserve the rights of other members of the public at the meeting and allow the legislative body to continue its work on behalf of the public.*” In other words, in enacting SB 1100, the State Legislature sought to balance concerns regarding public decorum and protecting public officials' safety, with the public's rights to free speech and assembly under the State and Federal Constitutions.

In closing, by authorizing city councils and other legislative bodies to remove disruptive individuals from public meetings, SB 1100 provides city councils additional support to

ensure orderly public city council meetings. However, while SB 1100 defines what behavior is “disruptive,” it is silent on the practical challenge of how to remove the disruptive individual. As such, the City Council may want to consider adopting procedures and guidelines for determining whether an individual’s behavior is disruptive and warrants removal of that individual, and addressing strategies to remove the individual.

CHAPTER 171

An act to add Section 54957.95 to the Government Code, relating to local government.

[Approved by Governor August 22, 2022. Filed with Secretary of State August 22, 2022.]

LEGISLATIVE COUNSEL'S DIGEST

SB 1100, Cortese. Open meetings: orderly conduct.

(1) Existing law, the Ralph M. Brown Act, requires, with specified exceptions, that all meetings of a legislative body of a local agency, as those terms are defined, be open and public and that all persons be permitted to attend and participate. Existing law requires every agenda for regular meetings of a local agency to provide an opportunity for members of the public to directly address the legislative body on any item of interest to the public, before or during the legislative body's consideration of the item, that is within the subject matter jurisdiction of the legislative body. Existing law authorizes the legislative body to adopt reasonable regulations to ensure that the intent of the provisions relating to this public comment requirement is carried out, including, but not limited to, regulations limiting the total amount of time allocated for public testimony on particular issues and for each individual speaker. Existing law authorizes the members of the legislative body conducting the meeting to order the meeting room cleared and continue in session, as prescribed, if a group or groups have willfully interrupted the orderly conduct of a meeting and order cannot be restored by the removal of individuals who are willfully interrupting the meeting.

This bill would authorize the presiding member of the legislative body conducting a meeting or their designee to remove, or cause the removal of, an individual for disrupting the meeting. The bill, except as provided, would require removal to be preceded by a warning to the individual by the presiding member of the legislative body or their designee that the individual's behavior is disrupting the meeting and that the individual's failure to cease their behavior may result in their removal. The bill would authorize the presiding member or their designee to then remove the individual if the individual does not promptly cease their disruptive behavior. The bill would define "disrupting" for this purpose.

(2) Existing constitutional provisions require that a statute that limits the right of access to the meetings of public bodies or the writings of public officials and agencies be adopted with findings demonstrating the interest protected by the limitation and the need for protecting that interest.

This bill would make legislative findings to that effect.

(3) The California Constitution requires local agencies, for the purpose of ensuring public access to the meetings of public bodies and the writings of public officials and agencies, to comply with a statutory enactment that amends or enacts laws relating to public records or open meetings and contains findings demonstrating that the enactment furthers the constitutional requirements relating to this purpose.

This bill would make legislative findings to that effect.

*The people of the State of California do enact as follows:*

SECTION 1. The Legislature finds and declares as follows:

(a) It is the intent of the Legislature to prescribe requirements for governing public meetings that are consistent with subdivision (c) of Section 54954.3 of the Government Code, which provides that a legislative body of a local agency shall not prohibit public criticism of the policies, procedures, programs, or services of the agency, or of the acts or omissions of the legislative body.

(b) It is further the intent of the Legislature to prescribe requirements for governing public meetings to protect civil liberties in accordance with the United States Constitution, the California Constitution, and relevant law.

(c) It is further the intent of the Legislature to codify the authority and standards for governing public meetings in accordance with *Acosta v. City of Costa Mesa*, 718 F.3d 800, 811 (9th Cir. 2013), in which the court explained that an ordinance governing the decorum of a city council meeting is not facially overbroad if it only permits a presiding officer to eject an attendee for actually disturbing or impeding a meeting.

SEC. 2. Section 54957.95 is added to the Government Code, to read:

54957.95. (a) (1) In addition to authority exercised pursuant to Sections 54954.3 and 54957.9, the presiding member of the legislative body conducting a meeting or their designee may remove, or cause the removal of, an individual for disrupting the meeting.

(2) Prior to removing an individual, the presiding member or their designee shall warn the individual that their behavior is disrupting the meeting and that their failure to cease their behavior may result in their removal. The presiding member or their designee may then remove the individual if they do not promptly cease their disruptive behavior. This paragraph does not apply to any behavior described in subparagraph (B) of paragraph (1) of subdivision (b).

(b) As used in this section:

(1) “Disrupting” means engaging in behavior during a meeting of a legislative body that actually disrupts, disturbs, impedes, or renders infeasible the orderly conduct of the meeting and includes, but is not limited to, one of the following:

(A) A failure to comply with reasonable and lawful regulations adopted by a legislative body pursuant to Section 54954.3 or any other law.

(B) Engaging in behavior that constitutes use of force or a true threat of force.

(2) “True threat of force” means a threat that has sufficient indicia of intent and seriousness, that a reasonable observer would perceive it to be an actual threat to use force by the person making the threat.

SEC. 3. The Legislature finds and declares that Section 2 of this act, which adds Section 54957.95 to the Government Code, imposes a limitation on the public’s right of access to the meetings of public bodies or the writings of public officials and agencies within the meaning of Section 3 of Article I of the California Constitution. Pursuant to that constitutional provision, the Legislature makes the following findings to demonstrate the interest protected by this limitation and the need for protecting that interest:

This act is necessary to give legislative bodies clear authorization to restore order to meetings in the event of actual disruptions that are disturbing, disrupting, impeding, or rendering infeasible the orderly conduct of the meeting and, thereby, preserve the rights of other members of the public at the meeting and allow the legislative body to continue its work on behalf of the public.

SEC. 4. The Legislature finds and declares that Section 2 of this act, which adds Section 54957.95 to the Government Code, furthers, within the meaning of paragraph (7) of subdivision (b) of Section 3 of Article I of the California Constitution, the purposes of that constitutional section as it relates to the right of public access to the meetings of local public bodies or the writings of local public officials and local agencies. Pursuant to paragraph (7) of subdivision (b) of Section 3 of Article I of the California Constitution, the Legislature makes the following findings:

This act is necessary to give legislative bodies clear authorization to restore order to meetings in the event of actual disruptions that are disturbing, disrupting, impeding, or rendering infeasible the orderly conduct of the meeting and, thereby, preserve the rights of other members of the public at the meeting and allow the legislative body to continue its work on behalf of the public.

## Report to City Council

---

**TO:** Mayor and City Council

**FROM:** Steve Quintanilla, Interim City Attorney

**AGENDA DATE:** February 7, 2023

**TITLE:** SENATE BILL NO. 1087 (SB 1087) AND ASSEMBLY BILL NO. 1740 (AB 1740) PERTAINING TO CATALYTIC CONVERTER THEFT

---

### **RECOMMENDED ACTION**

### **BACKGROUND**

Mayor Cabrera requested that the City Attorney's Office prepare a summary of the new state laws regarding catalytic converter theft for a presentation at a City Council meeting.

#### **Summary**

Catalytic converter theft has spiked dramatically in recent years. In 2020, catalytic converter theft claims jumped to 14,433, a 325% increase in a single year, according to the National Insurance Crime Bureau. California accounts for a disproportionate share of the claims, according to the National Insurance Crime Bureau. In 2021, California reported roughly 37% of the nation's catalytic converter theft claims.

Although there were already laws in effect that specifically addressed catalytic converter theft, Senate Bill No. 1087 (SB 1087) and Assembly Bill No. 1740 (AB 1740) were adopted with the intent of imposing more requirements on recyclers of catalytic converters (known as "core recyclers") which is how thieves make money stealing catalytic converters (i.e., they sell stolen catalytic converters to core recyclers). SB 1087 prohibits the purchase of a used catalytic converter from anyone other than specified sellers like automobile dismantlers, automotive repair dealers, or individuals possessing documentation they are the lawful owner of the catalytic converter they want to sell to a recycler; whereas, AB 1740 requires any recycler that accepts a catalytic converter to obtain and maintain additional information about a catalytic converter transaction than what was required under the existing law at the time. The purpose of requiring such

additional information is to facilitate law enforcement's efforts to track down stolen catalytic converters - since these written agreements must be made available at the request of law enforcement.

### **Assembly Bill No. 1740**

When AB 1740 was presented to the Governor to sign in September 2022, existing law under the California Business and Professions Code, required recyclers which accepted catalytic converters for recycling to maintain a "mandatory written record" of specified information regarding the transaction, including the item type and quantity, amount paid for the catalytic converter, a catalytic converter identification number, if any, and the applicable vehicle identification number (VIN), for not less than 2 years. It was a misdemeanor to violate these requirements.

AB 1740, which amended the existing law, now requires catalytic converter recyclers to include additional information in the "mandatory written record" such as the year, make, and model of the vehicle from which the catalytic converter was removed and a copy of the title of the vehicle from which the catalytic converter was removed. AB 1740 also prohibits a catalytic converter recycler from entering into a transaction to purchase or receive a catalytic converter from a person that is not a commercial enterprise, or a verifiable owner of the vehicle from which the catalytic converter was removed.

The existing law at the time also prohibited a recycler from providing payment for a catalytic converter unless specified requirements were met. However, under the existing law at the time, those requirements did not apply to a recycler that bought used catalytic converters, transmissions, or other parts removed from a vehicle if the recycler and the seller had a written agreement for the transaction.

AB 1740 now requires that the written agreement include a log or other record of all catalytic converters received pursuant to the agreement that describes each catalytic converter with sufficient particularity so that each of those catalytic converters in the recycler's inventory can reasonably be matched to its description in the written agreement. Again, AB 1740 requires that the mandatory written agreement include more detail in order for law enforcement to track down stolen catalytic converters since these written agreements must be made available at the request of law enforcement.

Any person who violates the requirements of AB 1740 would be guilty of a misdemeanor. For a first conviction, there is a fine of one thousand dollars (\$1,000). For a second conviction, there is a fine of not less than two thousand dollars (\$2,000). In addition to the fines, the court may order the defendant to cease engaging in the business of a core recycler for a period not to exceed 30 days. For a third and subsequent conviction, there is a fine of not less than four thousand dollars (\$4,000). In addition to this fine, a court shall order the defendant to cease engaging in the business of a recycler for at least one year.

### **Senate Bill No. 1087**

Again, existing law at the time required a recycler that accepts, ships, or sells used catalytic converters to maintain specified information regarding the purchase and sale of the catalytic converters. The existing law at the time also prohibited a recycler from providing payment for a catalytic converter unless the payment was made by check, the check was mailed or provided no earlier than 3 days after the date of sale unless the seller was a business, the recycler obtained a photograph or video of the seller, a written statement regarding the origin of the catalytic converter, and certain other identifying information. However, existing law at the time exempted from the above requirements recyclers that bought used catalytic converters removed from a vehicle if the recycler and the seller had a written agreement for the transaction. Existing law at the time also required a recycler to provide the above information for inspection by local law enforcement upon demand.

SB 1087 amended the existing law to prohibit any person from purchasing a used catalytic converter from anybody other than certain specified sellers, including an automobile dismantler, an automotive repair dealer, or an individual possessing documentation, that they are the lawful owner of the catalytic converter. Basically, SB 1087 prohibits a recycler from purchasing a catalytic converter from anybody other than these specified sellers.

Any person who violates the requirements of SB 1087 would be guilty of a misdemeanor. For a first conviction, here is a fine of one thousand dollars (\$1,000). For a second conviction, the fine is at least two thousand dollars (\$2,000). In addition to the fines, the court may order the defendant to cease engaging in the business of a recycler for a period not to exceed 30 days. For a third and subsequent conviction, the fine must be at least four thousand dollars (\$4,000). In addition to this fine, the court shall order the defendant to cease engaging in the business of a recycler for a period of no less than one year.

### **Summary**

Both SB 1087 and AB 1740, together, have been deemed a state-mandated local program which means the City is required to implement and enforce their provisions. However, even though these new regulations together constitute a state-mandated program, which typically require the State to reimburse cities for implementation and enforcement, the State Legislature has denied any reimbursement for local implementation and enforcement efforts.

Essentially, both SB 1087 and AB 1740 amended existing law regarding the sale and purchase of catalytic converters, by defining who can buy and sell catalytic converters. Basically, SB 1087 now prohibits the purchase of a used catalytic converter from anyone other than specified sellers like automobile dismantlers, automotive repair dealers, or individuals possessing documentation they are the lawful owner of the catalytic converter, and AB 1740 now requires anyone who accepts a catalytic converter to keep additional information about a catalytic converter transaction such as, but not limited to, identifying the payment method, vehicle identification number (VIN), obtaining a copy of the vehicle's title, and listing the make and model of the vehicle.

The Governor signed both laws on September 25, 2022, and both went into effect on January 1, 2023.

### **FISCAL IMPACT:**

There will be a (currently unknown) financial impact on the City for implementing and enforcing the provisions of SB 1087 and AB 1740, since the State has denied reimbursement to cities for implementing and enforcing both laws even though they, together, constitute a state-mandated program.

### Senate Bill No. 1087

#### CHAPTER 514

An act to amend Section 21610 of the Business and Professions Code, and to add Section 10852.5 to the Vehicle Code, relating to vehicles.

[ Approved by Governor September 25, 2022. Filed with Secretary of State September 25, 2022. ]

#### LEGISLATIVE COUNSEL'S DIGEST

SB 1087, Gonzalez. Vehicles: catalytic converters.

Existing law requires a core recycler that accepts, ships, or sells used catalytic converters to maintain specified information regarding the purchase and sale of the catalytic converters. Existing law prohibits a core recycler from providing payment for a catalytic converter unless the payment is made by check, the check is mailed or provided no earlier than 3 days after the date of sale, unless the seller is a business, and the core recycler obtains a photograph or video of the seller, a written statement regarding the origin of the catalytic converter, and certain other identifying information, as specified. Existing law exempts from this requirement a core recycler that buys used catalytic converters, transmissions, or other parts removed from a vehicle if the core recycler and the seller have a written agreement for the transaction. Existing law requires a core recycler to provide this information for inspection by local law enforcement upon demand. A violation of these provisions is punishable as a misdemeanor.

The bill would prohibit any person from purchasing a used catalytic converter from anybody other than certain specified sellers, including an automobile dismantler, an automotive repair dealer, or an individual possessing documentation, as specified, that they are the lawful owner of the catalytic converter. A violation of this provision would be an infraction, punishable by a fine, as specified.

The bill would also prohibit a core recycler from purchasing a catalytic converter from anybody other than these specified sellers.

By creating a new infraction and expanding the application of an existing misdemeanor, this bill would impose a state-mandated local program.

This bill would incorporate additional changes to Section 21610 of the Business and Professions Code proposed by SB 986 and AB 1740 to be operative only if this bill and either or both of those bills are enacted and this bill is enacted last.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

Attachment: Senate Bill No. 1087 (6087 : CATALYTIC CONVERTER SB 1087 & AB 1740)

This bill would provide that no reimbursement is required by this act for a specified reason.

### Assembly Bill No. 1740

#### CHAPTER 513

An act to amend Section 21610 of the Business and Professions Code, relating to secondhand goods.

[ Approved by Governor September 25, 2022. Filed with Secretary of State September 25, 2022. ]

#### LEGISLATIVE COUNSEL'S DIGEST

AB 1740, Muratsuchi. Catalytic converters.

Existing law requires a core recycler, as defined, who accepts a catalytic converter for recycling to maintain a written record of specified information regarding the transaction, including the item type and quantity, amount paid for the catalytic converter, an identification number, if any, and the vehicle identification number, for not less than 2 years. Existing law makes it a crime to violate these requirements.

This bill would require a core recycler to include additional information in the written record, including the year, make, and model of the vehicle from which the catalytic converter was removed and a copy of the title of the vehicle from which the catalytic converter was removed.

This bill would also prohibit a core recycler from entering into a transaction to purchase or receive a catalytic converter from a person that is not a commercial enterprise, as defined, or a verifiable owner of the vehicle from which the catalytic converter was removed, as specified, and would make other conforming changes.

Existing law prohibits a core recycler from providing payment for a catalytic converter unless specified requirements are met. Under existing law, those requirements do not apply to a core recycler that buys used catalytic converters, transmissions, or other parts removed from a vehicle if the core recycler and the seller have a written agreement for the transaction.

This bill would require the written agreement to include a log or other record of all catalytic converters received pursuant to the agreement that describes each catalytic converter with sufficient particularity so that each of those catalytic converters in the core recycler's inventory can reasonably be matched to its description in the agreement.

By imposing new requirements on core recyclers, the violation of which would be a crime, the bill would impose a state-mandated local program.

This bill would incorporate additional changes to Section 21610 of the Business and Professions Code proposed by SB 986 and SB 1087 to be operative only if this bill and either or both of those bills are enacted and this bill is enacted last.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.
